

LOGOS CLASSICAL ACADEMY

ALIGNMENT QUESTIONS FOR PARENTS

Q1. IS YOUR FAMILY COMMITTED TO CHRIST?

The mission of Logos Classical Academy is to assist parents in bringing up their children in the Lord. We are here to support the Christian instruction and training that is already established in the home.

We seek to enroll Christian families who actively seek to disciple their children in their home and local church. Are you intentional about serving Christ and living according to the Scriptures in your home?

Q2: WHAT IS THE PRIMARY GOAL FOR YOUR CHILD'S K-12 EDUCATION?

The academics at Logos Classical Academy certainly prepare students for university studies and professional vocations, but Logos is not a college-prep school. Logos seeks to graduate students whose lives are characterized by wisdom, virtue, a love of learning, a desire to serve others, and faithful obedience to God. We will definitely prepare your child for college, but our driving goals are eternal. Are you in agreement with these goals?

Q3: ARE YOU COMMITTED TO WELL-BEHAVED CHILDREN?

We believe that biblical discipline, the encouragement of an obedient child and the correction of a disobedient child, is a necessary part of education –at home and at school.

Logos is a school with high standards. We do not assume perfection, but we do expect students to obey their teachers and we expect parental support when a misbehaving student must be corrected. Do you share these expectations for your child's behavior?

Q4: DO YOU VALUE ACADEMICS AND A CHRISTIAN WORK ETHIC?

One of Logos Classical Academy's strengths is academic excellence. Our curriculum goals are relatively challenging and demand diligence, discipline, and hard work from every student.

We do not expect children to work excessively. Many students at Logos participate in extracurricular activities and sports but they learn to prioritize their time and energies. Logos has elevated academics that demand hard work and sturdy kids.

Q5: DO YOU LOVE LEARNING AND BOOKS?

We love learning and we love books. We seek families who love the same. We pursue knowledge, understanding, and wisdom through books –through THE Book and hundreds of other books. We challenge our families to make their children's lives more book-oriented than screen-oriented. If you want your family to develop a love of wisdom, a thirst for knowledge, and a passion for learning then reading with Logos will bless your family.
